

FREE ACTIVITIES
now included in your sessions

BABY YOGA

Yoga poses and stretches:

- strengthen and aid physical development
- promotes more and better sleep and more settled behaviour
- aid digestion, constipation and help to relieve gas and colic

FOREST SCHOOL

Forest school takes learning outdoors and provides stimulating and challenging but safe environment to learn and explore.

Forest school activities help to build children's confidence and improve their social skills, help with their physical development and well-being and increase their creativity and motivation.
