## Payments

We accept (with a deposit of two weeks' fees) payment by internet bank transfer. In exceptional circumstances we will accept payment by Bank, Credit or Debit card or cash. This might incur an additional charge. We are registered to accept payments via the Government Tax-Free Childcare Scheme as well as many corporate voucher schemes.

## Early Years funding

Your child might be entitled to 15 or 30 free funded sessions per week (see the brochure). These sessions are funded only for 38 weeks in a year (school term times).

At CHDN we offer a possibility of stretching your funded hours so you can use your funded hours over the whole year.

If your child is entitled to 15 hours of funded sessions, you can choose to use these in term time only or you can use them as 11 hours per week for the whole year.

If your child is entitled to 30 hours of funded sessions a week, you can choose to use these as 30 hours in term times only or you can use them as 22 hours per week for the whole year.

Please note that 11 hours per week can only be used as part of regular nursery sessions.

For clients wishing to attend for more hours than their funding entitlement, your funded hours will be deducted from the sessions listed above.
